LET'S EAT

School lunch

It's free, but do you like it? We're talking about the school lunch.

When the Student Advisory Council met with the School Committee in December, it outlined some of its goals.

One of them was improving the school lunch. In fact, most of the SAC members when questioned individually said that was their top priority. Chairperson Addi Snow said, "I heard a lot of complaints about the lunch and dealing with students complaints is the job of SAC."

What exactly are the issues with lunch? They can't be too bad since lunch participation has doubled since the lunches became free. Some feel there are fewer food options in second lunch. The cafe says that isn't true, but the perception is there. Others feel there is not enough variety or choices they want to eat. There are 16 choices every day, according to the assistant cafe manager Beverly

Brown. These include 2 or 3 kinds of pizza, several different sandwiches, at least two salads, and bento boxes, so one has to ask just what to the kids want. Since some students depend on the school lunch as a major meal, SAC was also concerned about meeting dietary requirements for those with

answer was open until Thursday. The purpose of the survey was to determine why students did, or did not, eat the school lunch. The survey not only asked for preferences, but made students aware of things which they may

not have known, such as they can get the main meal side (fried etc) regardless of what entree they choose, or that the cafeteria will accommodate allergies with doctors' note. When asked if she thought the survey would do any good, Snow replied, "Yes, we are working efficiently with the cafe staff and they are on board."

SAC Secretary Ava Paulino, Chair person Addi Snow, and senior rep. Sabrina Aylward work on the lunch survey.

allergies or food preferences. They found out that the cafe will make a special lunch for anyone who can prove a health issue.

This past Monday, several members of SAC, including chairperson Addi Snow, met with Dr. Ricci, the director and assistant director of the AHS cafe, and a nutritionist. The purpose of the meeting was to finalize a survey, which was sent out Tuesday during WIN. The window to

SAC advisor Barbara Lea said, "I think it's already doing some good. I eat lunch in the cafe and I never knew I could get the main dish sides even if I got a sandwich."

Hopefully students will become more satisfied with the cafe in the future.

WHERE'S THE PIZZA?

School Lunch Cont.

Main Results of the Lunch Survey - 190 answered the survey

1. The number one reason students eat the school lunch is because it's free. Fifty-one percent eat the school lunch every day, and 80% eat it at least once a week. The second most-common reason for choosing the school food is because it's convenient.

2. When students don't eat the school food, the most common reasons given are, in order: lack of quality, don't like the taste, not filling enough, and I prefer to bring my lunch from home.

3. When asked to list 2 or 3 of their favorite lunches, to no surprise, the favorite lunch was pizza at 57%, followed by grilled cheese with soup (35%), Mexican (33%) Italian (32%), and breakfast for lunch (32%).

4. When asked about favorite sides, the top choice was NOT fries. The top choice was fresh fruit, followed by fresh vegetables and pasta salad. This may be because fries are usually served with the main meal and almost half the students did not know they could get the main meal sides even if they didn't get the main meal.

5. Students would prefer to see a fruit and yogurt bar added to the options. That choice beat out a deli bar and a salad bar.

LET THEM EAT CHEESE

Mac and Monday

This past Monday the sophomore class held their Mac and Monday fundraiser in the cafe. The event was run by the class officers and the food was donated by sophomore parents. Even if you didn't like Mac and Cheese, there were other options such as chili and meatballs. Despite very little advertising, a fair number of people showed up and the class made about \$300 charging \$5 a person.

Jackson Haynes, Carter Kehoe, Sophia Manetakis, and Natalia Makarwicz enjoy their meal.

Jameson Valle and Abby Lamotte collect \$5 a person at the door.

Hope Shanahan, Lexi Desmond, Addi Cooper, Sophia Le, Leo Fonseca, and Lauren Talbot eat up.

ART WINNERS ANNOUNCED

Students in the Quarter 2 Visual Arts courses exhibited their best work of the quarter in the AHS lobby. Drawings, graphics, photographs, paintings, sculptures, and ceramics were displayed from students in grades 9-12. Just like the exhibition in quarter 1, people were invited to vote on their favorite artwork, which is called the "People's Choice" award. This quarter's first place winner is Estella Jones for her acrylic painting, "Jungle Fairy." Estella created a whimsical forest landscape from her own imagination and completed her painting with great detail and accuracy, while maintaining a loose and ethereal style.

Brianna Grove won second place for her painting, "Funeral." Brianna achieved realism in her depiction of insects and a bird, along with a symmetrical composition which framed her main subject perfectly.

John Taber won third for his graphic drawing, "Tower of Pizza." John's highly detailed building shows his skills in 3-point perspective and mark making. Stay tuned for the Quarter 4 exhibition and be sure to vote for your favorite work.

LOVE THE LIBRARY

The AHS library is celebrating Valentine's Day by asking students what they love about the library. Students can add a leaf to the decorative tree with a message about what they appreciate about the library. Among the comments so far are: "I like to do work here," "It's peaceful," and "I like hanging out here."

GOOD EFFORT

Boys' Basketball

Although the boys team has lost two in a row, they put up a good fight. They lost to Georgetown 60-71 on Feb X but Parker DeLong had 18 points and Justin Dube had 17.

Monday at Pentucket the guys lost to Pentucket 68-71 in double overtime. Amesbury started out ahead but the Panthers slowly caught up. By halftime it was 25-22 Amesbury. The rest of the game was back and forth with the Panthers moving ahead by as much as five points but then Amesbury catching up. At the end of regulation it was 49-49. At the end of the first overtime Trey Sullivan put in a three pointer at the buzzer to tied things again.

Despite the loss, Parker DeLong had a fantastic game putting in 19. Joe Celia and John Adams both broke into the starting line-up for this game and did well. Celia in particular had some sweet three pointers and totaled 14 points.

The team play a strong Hamilton-Wenham team (11-4) at home Tuesday in a make up game which was snowed out last Thursday. Once again they managed to lose in the final minutes. It was 42-42 going into the final quarter but the Generals pulled out the win 58-55.

GIRLS NOW 9-9 ON THE YEAR

Girls' Basketball

The January 31st and February 3rd games are events the girls' basketball team might as well forget. Facing 9-6 Georgetown at Georgetown on Jan 31, the girls were totally clobbered 65-16. Amesbury just couldn't score no matter what they did. They seemed totally stunned. The high scorer for Amesbury was Olivia MacKay with 6 points.

It was no surprise that the girls lost to Pentucket on February 3. Pentucket (13-2) always seems to be one of the strongest teams in the CAL. Actually, the Redhawks did better than against Georgetown. The final score was 51-23. Sadie Bolth and Olivia McKay had 8 points each.

It was a different story against Muniz Academy last Saturday. At half time, it was 28-8 Amesbury. The final was 66-20. Everyone played in this game and nearly everyone scored. The high scorers were Lydia Hunt and Olivia McKay, with 10 each. Elison Talbot had 9.

The girls had a rough time against Hamilton-Wenham at Hamilton Tuesday and fell 27-64.

JULIA PARSONS

Senior Profile

By Alice Moulton

Julia, who's only nickname would be "Jules," would say her greatest accomplishment was receiving the Iron Woman Award at the US Naval Academy Summer Seminar. To receive such an award, Julia must be pretty disciplined, which is also the one word she would use to describe herself the most.

In school, Julia is the captain of the cross country team, the secretary of class office, an all-star in track & field, a member of StuCo, and a member of multiple honors societies. Her favorite class was AP Biology, as Mrs. Alley was a great teacher and it was a rewarding challenge. Overall, Julia's favorite part of high school was running on the cross country team.

Outside of school, Julia works at Hodgies Too, swims on the Phoenix Swim Team, and takes private piano lessons. She

also enjoys traveling, hiking, dancing, and skiing. Some of her other favorite things are Thai food, listening to

ticket to Europe, a chance to meet Taylor Swift, and for all rescue dogs to have a happy & loving home. :)

listen to Taylor Swift, and shopping at Trader Joe's. If Julia were granted three wishes, she would want a one-way

ticket to Europe, a chance to meet Taylor Swift, and for all rescue dogs to have a happy & loving home. :) experiences at AHS treat her well, and that her future is as promising as it seems!

On a less positive note, one of Julia's pet peeves is having to sleep in complete silence. She needs to be listening to rain sounds. If she was able to have a superpower, she would want to be able to teleport so she could go wherever she wanted.

When Julia was young, she wanted to be an FBI agent. Now, she plans on majoring in nursing and being on a cross country team in college. In ten years, Julia hopes to be living in a simple house in Florida while traveling around the country. We hope Julia's

KALAN NOSEWORTHY

Senior Profile

By Alice Moulton

Kalan, or 'Kal' to some, is a part of StuCo, the football team, NHS, Rho Kappa, and SNHS. His favorite teacher is Dr. Walsh, as she was what pushed him to get through APUSH. Speaking of APUSH, Kalan would say history classes are his favorite. Kalan also enjoyed playing *Brawl Stars* with his duo Saideep Vaduka.

Outside of school, Kalan enjoys collecting records. He also enjoys eating smash burgers, listening to Tyler, the Creator, and playing *Red Dead Redemption 2*.

If they made a movie of Kalan's life, he would want to be played by Brad Pitt. If he were able to meet anyone, Kalan would want to meet Tyler, the Creator because of his

admiration for him. Another hero Kalan has is his grandfather Wille, as

those who blame others when they themselves are at fault... If Kalan had any superpower, he would want to be able to teleport to get out of sticky situations. Whoosh...

When Kalan was young, he wanted to be a veterinarian because of his love of animals. Now, he plans on attending Endicott College to pursue a study in criminal justice. In ten years, Kalan hopes to be living in South Carolina with a stable bank account. We hope Kalan reaches these goals, and that his

experience at AHS has been a memorable one!

he inspires Kalan to keep going.

Some expressions Kalan tends to overuse are "bro" and "shut up." He may say these things when facing

TOUGH LOSS

The Redhawks lost a tough game to Pentucket last Saturday 4-3. Although no Amesbury players scored, Tom Puorro and Evan Murphy had assists.

The Redhawks mauled North Reading 6-1 Wednesday night at the Salem Ice Ceneter. They lost a tough one on Saturday, also at the Salem Ice Center, falling to Lynnfield 2-1. It was tied until Lynnfield scored a power play goal in the third period. Boddy Marcottee had the only score for the Redhawks.
