## THEY'RE BACK!

### Alumni

In December, Assistant Principal Alana Langley asked staff if they knew of any alumni who would be willing to come back to AHS for a career day. Fourteen of them were willing to come in to meet with juniors and seniors for an alumni event during a double WIN block last Friday. The careers represented a range from a lawyer to a water systems operator. Out of the 14, eleven said they had no idea they would end up in the job they had now when they were in high school.

The program started in the auditorium with the alumni on the stage. Each person was asked to give some advice. Some of the pearls of wisdom were: try everything - don't limit yourself, get involved, keep an open mind, spring on opportunities, advocate for yourself, work hard, and focus on the goal. An interesting piece of advice was "stay in college" - don't take a break because you won't go back."

The event then moved to the cafeteria, where students could break up and talk to those people whose careers interested them. The oldest alumni was lawyer Mark Janos from the class of 1972. The most recent was Keegan Collins, class of 2022, who was the water systems operator. Another recent grad was Drew Mahoney (2021) who is just finishing up college at UNH with a focus in event management. Amesbury's finest were represented by officers Troy Burrell, Sean Ward, and Kyle Arseneault. Pat Rowan (2013) talked about being a software engineer in gaming software. Michelle Cheney could tell you all about interior design. If you want to sell things, you could talk to Ryan Jepson (2012). And there were an assortment of engineers and scientists, including Heath King, Andrew Cheney, and Michael Dragonas.

Lingley said, "I worked with the advisory liaisons to plan this event. January's theme for advisory has been careers, so all advisory material has focused on career education, planning for careers, and taking some time to

figure out what students may want to pursue in the future. Our goal is to be able to introduce students to the array of career options available, pathways to reach those goals, and connect students with the community to learn more about careers. By inviting alum, we wanted to have students see what can happen next from AHS, as everyone that came had sat in their seats before at AHS."

## Track

Both the girls' and boys' track teams conquered Lynnfield on Tuesday at the New Balance track. The girls picked up their second win of the year, by a margin of 51-49. The boys crushed the Pioneers 68-32 to remain undefeated in the four regular meets.

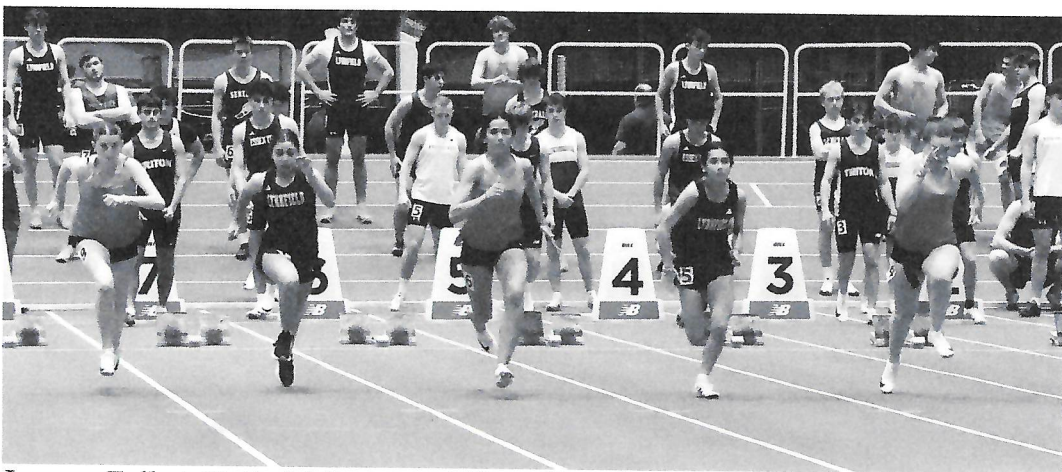

On the girls' side, Lindsey Williamson won the 55 meter hurdles and was second in the 600 meters. The girls swept the shot put with Samya Clark first, Julia Losee second, and Lexi LeBlanc third. Julia Parsons won both the 1000 meters and the mile. The 800 meter relay team of Shanahan, Ishihara, Williamson, and Desmond also won their race.

On the boys' side, Amesbury swept the 600 meters (Maxx Rodrigues, Andrew Parsons, and Landon Mitchell placing one, two, and three. They also swept the 1000 with Brody Hall, Rodrigues, and Josiah Fugate third. Fugate and Hall were one-two in the mile and Fugate won the two mile going away. Following a pattern established in previous meets, Amesbury did great in the shot put with Marcus Colon first, Lucas Ferreira second, and Jack Harrington third.

Joe Pulleo was first in the 55 meter dash and second in the 300. Noah Blouin won the 300 and was second in the long jump. Connor Scialdone won the 55 meter hurdles.

## Boys' Basketball

After three straight losses, the boys' basketball team seriously needed to get back on track. They did so against Ipswich at home last Friday, but it wasn't as easy as the final 64-44 score would imply.

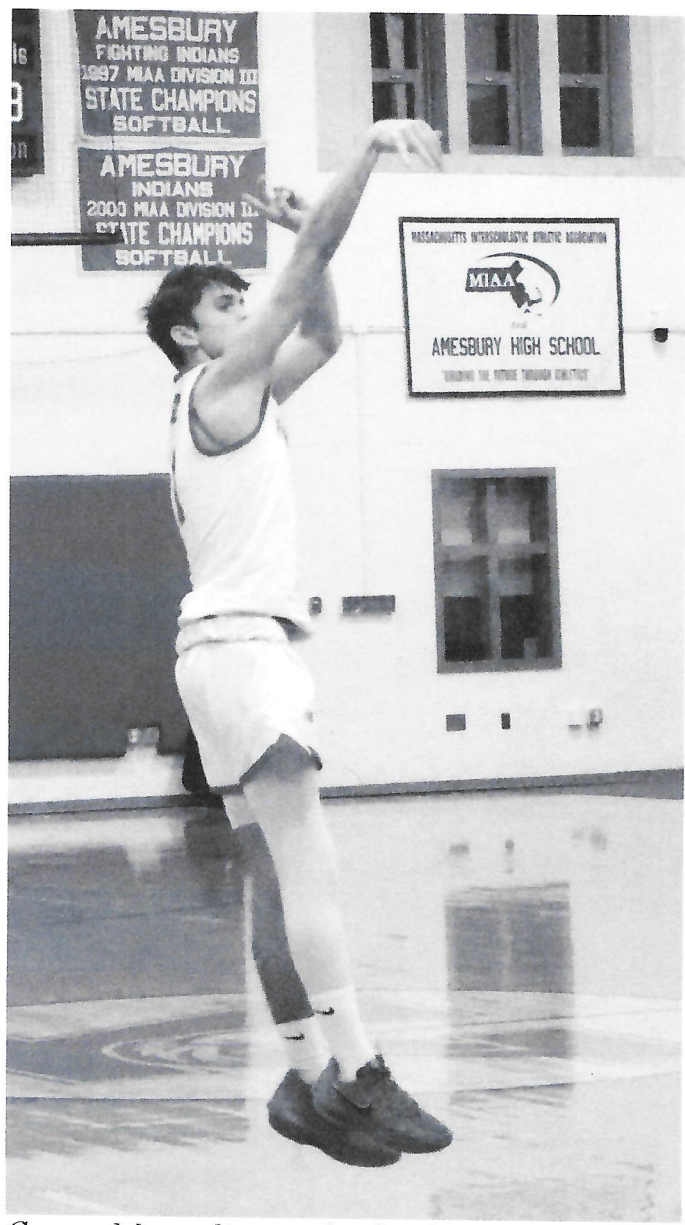

The Redhawks started well. In fact, they ran up a 12-0 lead on the Tigers. Ever so slowly, however, the Tigers started to creep up, and midway through the third period they pulled ahead by a point, 30-29. Justin Dube put in a three pointer to make it 32-30, and a fire finally started for Amesbury when they realized they could actually lose.

Connor Mazzaglia was the star in this one with 15 points.

Justin Dube had 13, and John Adams has 12. Adams is known for his outside shots, but this time he worked under the basket both on offense and defense for what was probably his best game of the season.

On Tuesday, the Redhawks made it two in a row pounding Essex Tech 85-46. Parker DeLong led the pack with 19 points. Trey Sullivan had 15, Justin Dube had 14, and Connor Mazzaglia had 12.

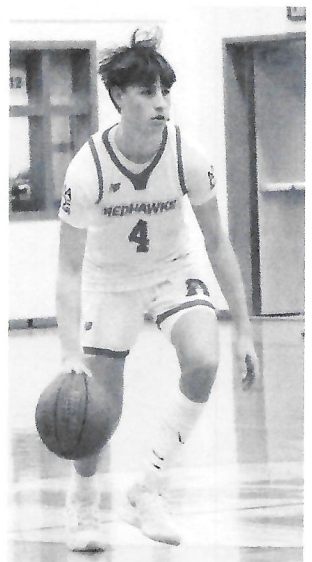

The boys face Georgetown away tonight and hope to revenge their earlier loss to the Generals.

## EARTHQUAKE 3.8

If you noticed a rumbling around 10:30 on Monday, it actually was an 3.8 degree earthquake off the coast of York, Maine. Some people thought the rumble was a truck or explosion. Others didn't feel it at all. Mr. Casto said he was pretty surprised when it came up on his seismometer. According to the evening news, quakes happen in New England about every five years. According to Casto, however, quakes this size happen here only 25 to 50 years. Still, this was a pretty small quake which did not seem to cause any significant damage.

*Mr. Casto's world-renowned seismometer tracks the earthquake.*

## NEED MONEY FOR SCHOOL?

Don't overlook the 60 local scholarships listed in the Scholarship Google Classroom. Tuesday during WIN, Mrs. Foley met with seniors to explain the process of applying for local scholarships, most of which require a standard guidance form and a letter. Don't write a book in your letter - committees receive 30 or 40 applications and don't have time to read that much. The deadline for local scholarships is March 2.

*Mrs. Foley explains how to apply for local scholarships.*

## WHAT'S IN A NAME?

Class dues are used mainly to pay for yearbooks and caps and gowns. Paying a little early can get you a small bonus - your name stamped on your yearbook. Having your name on your book is useful when signing books during senior week. It costs the yearbook \$7 per book to have the names added, which it does as a courtesy to the senior class to encourage students to pay dues. The deadline for payment is set by the senior class, but must be before the end of January. This year, the deadline was the end of the second quarter. Only 14 seniors are not getting the personalizations.

# MERIAM OROBI

## Senior Profile

By Alice Moulton

Meriam, who is more commonly known as Grace, would say her only other nickname is Mimi.

If she were to use one word to describe herself, she would say she is friendly because she loves having people around her.

In school, Grace would say her favorite teacher is Dr. Walsh due to how funny she is and how easy she is to talk to. She also is very fond of Art and Design, as it's a class that is fun and takes her mind off of things. Overall, the part of high school Grace liked the most was her friends, especially her friend Alex Donnell.

Outside of school, Meriam plays volleyball, sings, and enjoys drawing. You may also find her eating steak, listening to Travis Scott,

or playing *Block Blast*. If Grace were granted three wishes, she would want good grades, a lot of money, and a Mercedes AMG G63.

life than bad things in life. She would say another great source of advice is her mother, who is also her greatest hero *and* who she would say is the

best-looking person in the world! On a l e s s heartwarming note, Grace would say her m o s t embarrassing moment was asking what d a y Halloween was on this year. Always good to clarify!

When Grace was younger, she wanted to be an astronaut because exploring space seemed very cool. While her goals may not be the same as when she was younger, we are still sure Grace's future will still be extremely bright! We hope her experiences

after she leaves AHS treat her well.

According to Grace, the best advice she's ever been given is that there are always more good things in

# GRACE PISARCZYK

## Senior Profile

By Alice Moulton

Grace would say that her most unique aspects are her two tattoos - that's likely more than anyone else in our student body! If she were to use any word to describe herself, she would say she is creative because she is skilled at coming up with both ideas and solutions.

In school, Grace did softball and field hockey her freshman year. She would say her favorite teacher is MP due to how funny, understanding, and smart he is. Her favorite part of high school was all of the electives she got to take. She also really enjoyed her fellow classmate Sophia Rodriguez because she was the first to approach her when she first came to AHS.

Outside of school, Grace is an

assistant teacher at Pond Hill Preschool. She also enjoys acting, art, singing, photography, playing video

playing *Yokai Watch* (W game), and shopping at Barnes and Noble. If she were granted three wishes, she would

want justice to be served for every unsolved crime, to find her soulmate, and three more wishes.

According to Grace, the most embarrassing moment she's had was when she stood in the bathroom at prom for 15 minutes because of a nosebleed. When no one is looking, Grace likes to sing out loud! Lalala...

In a perfect world, Grace would want super slow walkers to be obliterated! In *this* world, she just plans on going to college. She leaves the senior class with one final message - Keep working hard, but don't forget to take breaks! We hope Grace always follows her own advice, and that

games, watching anime, and reading. You may also see her eating sweets,

she always follows her dreams!

## Virgo (Aug. 24 - Sept. 23)

**Life:** You will lose.

**Single:** You will not be able to figure out how you lost.

**Couples:** Your partner will leave you for a Libra because you lost.

## Libra (Sept. 23 - Oct. 22)

**Life:** You will win.

**Single:** You will not be able to figure out how you won.

**Couples:** Your partner will leave you for a Virgo because you won.

## Scorpio (Oct. 24 - Nov. 22)

**Life:** You will discover a new type of fish that is just a salmon you painted lime green and was a part of a species you named after yourself.

**Single:** You will swim in the tank with the big whale shark and the people at the Georgia Aquarium will get very mad.

**Couples:** Your partner who works at the Georgia Aquarium will realize you were just using them to get access to the whale shark tank so you could swim with it.

## Sagittarius (Nov. 23 - Dec. 21)

**Life:** Your father, the king of Denmark, will be murdered by your uncle and your uncle will marry your mother to become king.

**Single:** O, that this too, too sullied flesh would melt, / Thaw, and resolve itself into a dew, / Or that the Everlasting had not fixed / His canon 'gainst self-slaughter! O God, God!

**Couples:** Your partner will finally get caught for that robbery (oops!)

## Capricorn (Dec. 22 - Jan. 20)

**Life:** You will be the reason there has to be a sign at the Georgia Aquarium to not feed the whale sharks (you just thought they might want some chips).

**Single:** You will unsuccessfully petition to end daylight saving time but nobody will care enough to pass the legislation (dissappointing).

**Couples:** You and your partner will vow to not follow daylight saving time but will both get fired from your jobs for being an hour late.

## Aquarius (Jan. 21- Feb. 19)

**Life:** You will **not. stop. getting. emails.** from Grammarly asking if you want 50% off of Grammarly Pro (the answer is no, you don't, by the way).

**Single:** You will watch the 2002 psychological horror/mystery movie *One Hour Photo* starring Robin Williams as photo development lab-owner Sy Parrish.

**Couples:** How weary, stale, flat, and unprofitable / Seem to me all the uses of this world! / Fie on 't, ah fie! 'Tis an unweeded garden / That grows to seed. Things rank and gross in nature

## Pisces (Feb. 20 - Mar. 20)

**Life:** You will do something boring or exciting depending on if you're single.

**Single:** You will go to the Georgia Aquarium and be very surprised to find someone swimming in the whale shark tank who immediately gets arrested once they come up for air (why didn't they wear a scuba suit? They could only spend like a minute underwater before having to come back up).

**Couples:** You will just sit at home and watch TV with your partner.

## Aries (Mar. 21 - April 20)

**Life:** You will steal the secret formula to Premier Protein vanilla-flavored protein shakes.

**Single:** Possess it merely. That it should come to this: / But two months dead--nay, not so much, not two. / So excellent a king, that was to this / Hyperion to a satyr; so loving to my mother

**Couples:** You and your partner will begin selling counterfeit Premier Protein vanilla-flavored protein shakes.

## Taurus (April 21 - May 20)

**Life:** You will be upset that the whale shark tank is closed down on your visit because some idiot decided to swim in it (I wonder who would do such a thing).

**Single:** IDK not my job \\_(ツ)\_/

**Couples:** Don't feel like writing IG

## Gemini (May 21 - June 21)

**Life:** You will buy salmon but will wonder why the skin is painted lime green(?)

**Single:** You will think you have discovered a new species of fish.

**Couples:** Your partner will tell you they saw something about someone painting salmon lime green on the news.

## Cancer (June 22 - July 24)

**Life:** You will become a police officer in Atlanta and will have to respond to a call of someone swimming in the whale shark tank at the Georgia Aquarium.

**Single:** You will let the person go because you understand it.

**Couples:** That he might not beem the winds of heaven / Visit her face too roughly. Heaven and earth, / Must I remember? Why, she would hang on him / As if increase of appetite had grown

## Leo (July 25 - Aug. 23)

**Life:** You will find wisdom in an unexpected place.

**Single:** You will find a partner that has been there all along, you just didn't know it.

**Couples:** You will wish your were
